

To the future ahead of a bright smile...

Hello.

We are NPO FAITH.

We will report the activities of FY2019.

FAITH established a new system of 10 officers in June and started full-scale activities as an NPO corporation.

FY2019, in addition to providing and distributing food at local facilities such as orphanages in the Philippines and in the area, we also actively participated in local events held at the headquarters of FAITH, such as opening a store at the Hachioji Second-hand Book Festival to raise funds we participated in the event and promoted FAITH's NPO activities.

In September, the number of members (groups / individuals) exceeded 100, including regular and supporting members.

In addition, we received the understanding and cooperation of FAITH's NPO activities, such as the consent from local stores to set up donation boxes and brochures introducing NPO activities.

In November, we opened the FAITH SHOP, a grocery store in the Philippines, in Hachioji, Tokyo.

Many people visited the store from the first day of opening.

A part of the sales of FAITH SHOP will be used to fund the volunteer activities of FAITH in the Philippines.

Starting in 2020, FAITH members accompanied the TV Asahi "AbemaPrime" on the local coverage of Happyland (Tondo area in Manila) in January.

The interview was broadcast on the program at a later date, and FAITH's activities were also introduced.

(For details, see "Link" on page 6.)

In the event of a major volcanic eruption at Taal Volcano, which occurred immediately after this interview, the Board of Directors urgently decided to support the local area, and with the cooperation of local volunteer staff, provided and distributed food.

Since February, due to the global epidemic of coronavirus (COVID-19), we have been forced to refrain from NPO activities, but as soon as this situation is over, we are ready to resume activities immediately. Is in progress.

We ask for your continued support in FY2020.
